

<HIV & STI testing service of Shinjuku-ku (Anonymous, Free of charge)>

- Languages: English, Spanish, Portuguese, Thai
- Appointment: You can make an appointment through the Shinjuku City Health Center's website. The QR code for the website is provided on the reverse side.
- Besides the test for HIV, **optional tests for Syphilis, Hepatitis B, Chlamydia** are available. You cannot get tested for Chlamydia during your period. (If you are concerned about infection, please get tested and consult. In order to confirm that you are not infected, you must take the test at least 60 days after you had the opportunity to be infected.)
- The results will be informed in person on the Result-day shown in the chart. You cannot ask for the results by phone or e-mail. Taking a photo of the result record is not allowed.
